

**TEAM  
BUILDING**

**theMindmuseum**  
**SCIENCE COMES ALIVE!**

A woman with long, curly brown hair is looking through a microscope. She is wearing a black top and a colorful patterned scarf. A man in a black and white striped t-shirt is leaning over a table, wearing white gloves and using a tool to work on something in a tray. The background is a bright, modern interior with large windows.

## BUILD BETTER TEAMS WITH THE MIND MUSEUM.

The Mind Museum offers narrative-based team building packages featuring combinations of fun and challenging mental and physical activities.

Our experienced facilitators and staff can customize packages and options to best suit your team's needs.

- Immersive storyline with 10-12 activities
- IDs and Souvenir Caps
- Catered lunch or dinner
- All day passes to The Mind Museum on the day of the event

*Space Mission: Stop Armageddon  
with InterContinental Hotels Group  
July 2015*

## A. Space Mission: Stop Armageddon

Journey as space teams from different departments of a space expedition. Every action must help you get closer to accomplish your overall mission: **save Earth from a pending asteroid collision by sending people to Mars to destroy it.**

### **Outcomes:**

strategic thinking, leadership, resourcefulness, delegation of tasks, cooperation, teamwork

### **Great for:**

teams who want to build their creativity and making skills; teams who want a mix of mental and physical challenges; teams who have a competitive spirit

## B. CSI 101: Crime of Passion

Play rookie agents on your first case: a murder unfolding as a thrilling tale of love and obsession. Agents must work together to investigate the crime scene, analyze pieces of evidence, and uncover out each suspect's secret to identify the killer and build a solid case against them!

**Outcomes:**

critical thinking, delegation of tasks, communication, cooperation, teamwork

**Great for:**

teams who like solving puzzles and mysteries; teams who want to get a taste of being in the laboratory; teams who have a competitive spirit

### C. Aftermath: The Aedi Virus

As survivors of a deadly airborne *Aedi* virus, trapped inside a bunker, you must venture outside to search for a cure and retrieve supplies to rebuild your colony. Meanwhile, those who brave the outside world can be inflicted by the already harsh environment. Some may lose their sight, suffer from limb-paralysis, or become mute. They would then need to help each other to carry out their mission despite their disabilities.

**Outcomes:**

adaptability, managing strengths and weaknesses, delegation of tasks, communication, cooperation, teamwork

**Great for:**

teams who want a mix of mental and physical challenges; teams who want to highlight collaboration and cooperation

# CURIOSITY PACKAGES

[Economy Packages]

Pressed for time but still want to experience what we offer? Try these short but holistic activities to strengthen your team's solidarity and ingenuity. Train like astronauts, enlist in a spy school, and survive an island escape.

## Duration

1.5 hours

## Maximum no. of participants

30

## Venue

Mind Pod + Galleries and/or  
Canopy Plaza

## Price

Php 20, 000

## Inclusions

- 4-5 activities facilitated by TMM staff
- IDs and Souvenir Caps
- 3-hour passes to The Mind Museum on the day of the event

*Aftermath: The Aedi Virus  
with Ayala Land Strategic Landbank Management Group  
June 2015*

# CURIOSITY TEAM BUILDING THEMES

## A. Spy Training

Rig out! The secret service is looking for new spies. Get ready to undergo three essential espionage skills: deciphering ciphers and codes, mastering the art of disguise, and slithering past through obstacles. Once you have completed your training, put your skills to the test and gather clues to defuse a ticking bomb!

**Great for:**

teams who like solving puzzles; teams who like competing and working under pressure.

## B. Astronaut Academy

Suit up! Prepare to launch for space! Grasp some basic physics, demonstrate your teamwork and communication skills, and engineer a contraption to protect your payload.

**Great for:**

teams who want to build their creativity and making skills; teams who have a competitive spirit.

## C. Island Escape

SOS! Your team is stranded on a desert island: will you be able to escape? Work together to overcome all the challenges the island holds and signal for rescue.

**Great for:**

teams who enjoy active, physical challenges; teams who want to promote collaboration and cooperation
